

Homework Coversheet for _____ Chapter(s) _____

Use this coversheet to keep track of your HW assignments and your scores for the unit. On the day of the test, please turn in this coversheet and an assembled packet. Sometimes, you will have absent work to turn in if you were out right before a test. Please include these but write ABSENT on the earned column. Assignments that have been graded do NOT need to be included. Attach only those assignments that you have corrected. Bonus points will only be awarded if the **Corrected** box is checked and all missed questions are *resolved, recalculated, and/or restated*.
